

Announcement

Japan Cash Machine Co., Ltd.

The Impact on Our Operations by the Pacific Coast of Tohoku Earthquake

Japan Cash Machine Co., Ltd (hereinafter referred as “the Company”) would like to convey our sincerest sympathies for those who have been affected by the Pacific Coast of Tohoku Earthquake. The Company sincerely hopes to see the swift recovery of the afflicted areas.

Additionally, the Company would like thank to all of you who gave courteous attention to our situation. Currently, the followings are our situation after the earthquake and policies for corresponding with this incident.

1. Situation of damages

(1) Situation for personal suffering

The Company confirmed that its employees are all safe and unharmed.

(2) Situation for sales office in devastated areas

JCM Systems Co., Ltd., one of JCM Group, has reported no significant damages in its Tohoku sales office.

The Company would like you to understand that there will have delay in transporting products to Northern Kanto and Tohoku areas due to destroyed infrastructure, such as road.

2. Impact on business results

The Company is currently scrutinizing if any factor of this earthquake which will impact on our business result. Once the Company finds it out, we will disclose the information immediately.

3. Other

As mentioned above, the Company judges that there will have no particular impact on JCM Group’s production, sales operation and shipping (including overseas) in other areas than Tohoku area, except delay in transporting products to devastated areas.
